FOR IMMEDIATE RELEASE

2009 Mac Beam, Inc. Present's at 23rd Annual Scientific Symposium of IMS – UCLA

Mac Beam, Inc., the leader in Low Level Laser Treatment, presented at the 23rd Annual Scientific Symposium of the Iranian Medical Society at the UCLA Faculty Center on March 14th.

Thereafter, Mac Beam and the Iranian Medical Society (IMS) forged new relations and celebrated the Iranian New Year together on March 15th.

LOS ANGELES, CA – Mar 15th 2009 – Mac Beam, Inc., a California Healthcare Corporation, the leader in **Low Level Laser Therapy (LLLT)** was asked to present product information concerning their newest patent-pending laser products introducing the **BIOENELOGEN (BELG) Method**, using **BIO-ENERGY** as the scientific breakthrough, the Company's fundamental building block. The presentation took place at the Iranian Medical Society's **23rd Annual Scientific Symposium** on Sunday, March 15th at LAX Hilton in Los Angeles.

The event was hosted by the **Iranian Medical Society** in partnership with the CME and UCLA. The Symposium was held March 14th at UCLA and the 15th at the LAX Hilton. Those involved in the planning of the event stated the symposium featured **over 600 influential medical physicians** within LA and Orange County areas and their spouses were in attendance for this formal and festive event celebrating the Iranian New Year. Mac Beam was provided an opportunity to personally present and network with area physicians.

Mac Beam, Inc. principle presenter **Jenny Ta**, the company's President & COO, along with **Matthew Savoie**, **John Thomas**, and August Law Group, P.C., **Kenneth August, Esq.** were in attendance Sunday evening, presented to **Dr. Moossa Heikali, the President of CME Coordination and Chairman of IMS**, a **Pain Management MB Laser System worth \$25,000**, supported by the Certification and CME Credit provided by the MBI Mac Beam Institute. Dr. Heikali, said the IMS planned to raise funds for their Society by selling the System to one of their members and Mac Beam offered to assist in that endeavor.

What makes the Mac Beam Laser System so special? All would have to agree is the creative genius of the inventor and founder, Professor Mac Bia who has lectured at **Harvard** and has a very distinguished career, which can be found at their web site; HYPERLINK "<http://www.MacBeamInc.com>." Professor Mac says, "*It is the blending of Eastern Medicine with Western Science that has help move this treatment into such prominence and allowed the MB System and the Company's BIOENELOGEN (BELG) Method to be patent pending.*"

The Company reported that their MB Laser Systems are painless, non invasive, non toxic and have helped thousands of patients worldwide. **Mac Beam, Inc. has created 21 Laser Treatment Systems** that can help in Chiropractic Medicine, Dental Medicine, Ear, Nose & Throat Medicine, Immune System Treatments, Pain Management, Biological Dentistry, Internal Medicine, Mental Health Medicine, Chemical/Substance Dependent Detoxification & Mood Disorders, Neurology, Ophthalmology, Pediatric Medicine, Podiatric Medicine, Sports Medicine, Physical Rehab Medicine, Ulcer/Tissue Injuries Medicine, Sexual Dysfunction and much more.

“We were delighted to have Mac Beam, Inc. as a sponsor this year and we look forward to our continued partnership for many more years to come,” said Dr. Heikali, President of CME Coordination and Chairman of IMS.

The Company’s Laser Systems are FDA Approved, have a **2-year warranty**, come with training and **CME credits and certification** and have the required billing codes for payments from **Workman’s Compensation, Medicare, Private Insurance and Personal Injury**. The Laser Systems cost \$25,000 but can be acquired with **NO MONEY DOWN** and very low monthly payments so that just the treatment of one patient, on average, can pay for the monthly use of the treatment system, making the treatment system highly profitable for the practitioner.

About Mac Beam, Inc.

Mac Beam, Inc. is a healthcare corporation that invents and distributes Bio Energy medical equipment while providing services and training to practitioners in various medical fields. With the application of Low Level Laser Therapy (LLLT), Mac Beam has developed a unique, patent pending BioEnelongen (BELG) method and Bio Energy therapy system to improve the health and wellness of patients worldwide.
